

# Sir Harry Smith Community College

## Newsletter No. 1 – Project introduction

Hello and Happy New Year!

**Philip Clark**  
Project Manager

I'd like to introduce myself and the team delivering the improvements to the community college.

Kier have been appointed by Cambridgeshire County Council to carry out some upgrades to the college buildings – including a new two story 9 classroom teaching block extension to the main building, a new kitchen, IT, Art and Music teaching areas, some external resurfacing, new hard play areas including an all weather pitch, and new fencing. We commence the delivery of the project on Monday 16 January 2023. The initial work will involve the setting up of the site, creating a temporary construction access at the corner of Bassenhally Road and Drybread Road, off road parking and site welfare area.

The project is planned to take just over a year to complete and we intend on updating you with site newsletters as the work progresses.

Kind regards

Phil

Kier Construction | Eastern & Midlands

If you have any questions regarding the project please contact The College Principal, Dawn White: [office@sirharrysmith.com](mailto:office@sirharrysmith.com)

### Considerate Constructors

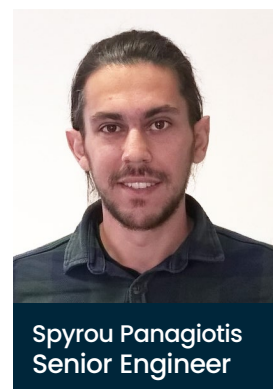

The site is registered with the Considerate Constructors Scheme, which is an independently audited assessment of a project's consideration for the local community, its operatives and the environment

### The site team

**Rod Sinnott**  
Site Manager

**Spyrou Panagiotis**  
Senior Engineer
