FABULOUS RESULTS AT SIR HARRY SMITH!

Post 16 Exam Results 2017

I am delighted with the results that our students have achieved this year. Overall, 41% of entries were awarded A* or A grades, an increase of 13% from last year. Furthermore, 63% of entries were awarded A*-B grades, an increase of 19% from last year, 84% were awarded A*-C grades and 98% were awarded A*-E grades. This is an incredible and very well deserved achievement and reflects the exceptional efforts of both our students and staff.

For our vocational qualifications, 100% of entries were awarded a Distinction* (D*) to Merit grade, with 95% being awarded a Distinction* or Distinction.

85% of our students have accepted offers to study at university and 28% of these students will be attending Russell Group universities. We are proud that because of such excellent results none of our students have had to go through the clearing process.

I would like to congratulate all of our students who have worked extremely hard this year to achieve this level of success. I would also like to thank all of our staff for their continued and unwavering hard work and commitment to ensuring the very best outcomes for all of our students.

Special congratulations to the following students for their outstanding results:
