9th October 2014

Dear Parent/Carer

GCSE Science Revision Guides

The Science Department are currently selling GCSE Science revision guides to support students with their learning and progress. We have chosen our revision guides carefully and believe they are the best guides available for the courses we follow.

Students in Year 9 and those studying **Science A** in Year 10 can purchase a Science A revision guide.

Students in Year 11 studying **Additional Science** can purchase an Additional Science revision guide.

Accelerated Triple Science Students in Year 10 and 11 should purchase three separate revision guides in Biology, Chemistry and Physics.

The cost of the each GCSE revision guide is £3.00.

Please complete the reply slip below and return cash or cheque (made payable to SHSCC) to Reception, which will then enable you to collect your revision guide from Science.

Yours sincerely

Jane Roughley
(Curriculum Leader for Science)

PLEASE RETURN TO RECEPTION AT SIR HARRY SMITH COMMUNITY COLLEGE

I would like to order the **Science A Revision Guide** (£3.00)

I would like to order the **Additional Science Revision Guide** (£3.00)

I would like to order the **Biology, Chemistry and Physics Guide** (£9.00)
