

Governor Information for Website

Name: Erica Pilkinton

I became a staff governor to have an input/insight into the decisions that affect me and my colleagues and to contribute to making SHSCC a successful school.

My interests and hobbies outside of school are music (member of Peterborough Choral Society); season ticket for Arsenal FC!

I studied Geography at Manchester University and went on to complete an MSC. in Soil and Water Engineering before taking a six-month gap period in Kenya working on soil conservation schemes. I did a PGCE at Cambridge University and began teaching in North Yorkshire in 1991. I became Head of Geography in 1995 in a school in Lincoln until 2003. I have an MA in Educational Leadership. I joined Sir Harry Smith Community College in 2004.
