

## **AT LONG LAST... AN OSCAR FOR LEO!**

Leo finally won an Oscar! He was named Best Actor at the 88th Academy Awards. Mad Max won Best Achievement in Film Editing, Best Achievement in Costume Design, Best Achievement in Makeup and Hairstyling, Best Achievement in Sound Mixing, Best Achievement in Sound Editing, and Best Achievement in Production Design at the Oscars.

The Oscars aren't made of solid gold. They are currently made of gold-plated Britannium, an alloy that's mostly made of tin. The very first Oscar statuettes were made of gold-plated solid bronze.

Max also won Best Editing, Best Production Design, Best Costume Design, and Best Makeup and Hair at the BAFTA awards.

Meanwhile, at the Brit awards:

The British Male Solo Artist was won by James Bay;

The British Female Artist by Adele;

The British Single by Adele "Hello";

The MasterCard British Album of the Year by Adele, with her album '25';

The Global Success by Adele;

The British Group by Coldplay;

The British Breakthrough Act by Catfish and the Bottlemen;

The British Producer of the Year by Charlie Andrew;

The International Female Solo Artist by Björk;

The International Group by Tame Impala.

Finally, the Critics' Choice Awards was won by Jack Garratt.
